

## INDEX TO VOLUME L.

### A

- Abdomen, Large Phagedenic Ulcer of the, 605; Surgery of the Upper, John B. Deaver, Review of, 952.
- Abdominal Aorta, Constriction of, by Metal Band, 355.
- Abscesses, Multiple Liver, 810.
- Acromegaly, Partial Hypophysectomy for, 1002.
- ALLEN, DUDLEY P., Prevention of Tetanus, 343.
- AMERICAN SURGICAL ASSOCIATION, Annual Meeting June, 1909, Transactions of the, 336.
- Amputation, High, of the Rectum, 1091; Interilio-Abdominal, 925.
- Aneurism, Popliteal, Reconstructive Operation for, 489, 800.
- Aneurisms in Young People, 59, 363.
- Anæsthesia, Intravenous Local, 782.
- Aorta, Constriction of, by Metal Band, 355.
- Appendicitis, The Advantage of Simplicity in Operations for, 762; A Series of 105 Consecutive Operations without Mortality, 800.
- Appendicostomy in Conditions of Acute Peritonitis, 1334.
- Appendix, The Fat, 474; Vermiformis, Its Physiology and Surgery, Note on, 1343.
- Arthritis, Dry, Treatment of with Injection of Vaseline, 1052; Gonorrhoeal, The Treatment of, with Vaccines made from the Gonococcus, 939; Surgical Aspects of Chronic Hypertrophic, 630.
- ASHHURST, ASTLEY PASTON COOPER, Multiple Fractures, Involving the Face Bones, the Left Elbow and Both Femurs, 648.
- Axillary Artery, A Case of Pistol-Shot Wound of the, 448.

### B

- BALDWIN, JAMES F., Total Excision of the Scapula for Sarcoma, 813.
- BARLING, GILBERT, Note on Partial Nephrectomy, 1134.
- BASTIANELLI, RAFFAELE, Principles of a Radical Treatment for Proctosigmoiditis, 1095.
- BECK, CARL, A New Method of Nephropexy, 509.
- BELL, JAMES, Excision of the Larynx for Carcinoma, 92, 346.
- BEVAN, ARTHUR D., Suprapubic Prostatectomy, 357; Surgical Aspects of Chronic Constipation, 336.
- BERNHEIM, BERTRAM M., A Modification of the Crile Transfusion Cannula, 786.
- Bier's Treatment in Tuberculosis of the Tarsus, The Result of, 639.
- Binnie's Manual of Operative Surgery, Review of, 951.
- BINNIE, JOHN F., Cæcostomy for the Relief of Chronic Constipation, 337.
- Bladder, Urinary Carcinoma of the, 498; Partial Resection of, for Malignant Tumor by the Transperitoneal Route, 1137; The Surgical Treatment of Non-Resilient Diverticula of the, 883.
- BLAKE, JOHN BAPST, Sudden Death, 43, 362.
- BLAKE, JOSEPH A., Technic of Operations upon the Thorax, 354.
- BLOODGOOD, JOSEPH C., Use of the X-ray in the Diagnosis of Intestinal Conditions, 336; Pathology of Carcinoma of the Large Intestine, 362.
- Blood Transfusion, Observations on, 348.
- Bone Grafting and Reimplantation, 959.

- Brain, Craniotomy for Tumor of the, Decompression Operation, 640; Injury by Gunshot, 66; and Skull Injuries, An Analytical and Statistical Review on One Thousand Cases of, 511, 655.
- Breast, Closure of the Wound after the Radical Amputation of the, 837; Primary Tuberculosis of the, 804.
- BREWER, GEORGE E., Removal of Larynx for Cancer, 347; Glass Tubes for Blood Transfusion, 349; Prophylactic Dose of Antitetanic Serum for Tetanus, 343; Operative Treatment of Cancer of the Larynx, 820.
- BRISTOW, ALGERNON T., Inequalities of the Right and Left Femora, 313, 364.
- BRYAN, ROBERT C., Spontaneous Rupture of the Spleen in the Course of Typhoid Fever, 856.
- BRYANT, JOSEPH D., Distortion of the Mesentery and its Relation to Intestinal Obstruction, 229, 338.
- BUERGER, LEO, and OPPENHEIMER, ADELE, Cyst of the Prostatic Urethra, 922.
- Burns Involving the Periosteum of the Vault of the Skull, A Study of, 815.
- C**
- Cæcum, Diagnosis and Treatment of Carcinoma of the, 562.
- Cancer of the Larynx, Laryngectomy for, 346; of the Prostate, Analysis of 111 Cases of, 1144.
- Carotid Body, Endothelioma of the, 808.
- CARSON, N. B., Keloid after Thyroidectomy, 346; Rectal Anæsthesia in Operations upon the Larynx, 347.
- Cartilages of the Knee-joint, Injuries to, 974.
- Cæcostomy for the Relief of Chronic Constipation, 337.
- CHAFFEE, I. S., and WILLIAM B. COLEY, Volvulus of Giant Sigmoid Colon, 464.
- Chloretone, Formula for Manufacture of, 360; Treatment of Tetanus by, 52, 359.
- Choking with Bismuth Paste after Laryngectomy, 347.
- Cholecystectomy, A Disease of the Gall-bladder Requiring, 1265.
- Choledochotomy, Transduodenal, 1273.
- Chronic Constipation, Cæcostomy for the Relief of, 337; Surgical Aspects of, 336.
- CLARKE, GEORGE O., Periureteral Pelvic Phleboliths, 913.
- COFFEY, ROBERT C., Pancreatoenterostomy and Pancreatectomy, 1238.
- COLEY, WILLIAM B., Double Inguinoperineal Herniæ, with Double Ectopia Testis, 638; Inguinal Hernia in the Female, 609; Large Sliding Hernias of the Sigmoid, 487; (1) Strangulated Retroperitoneal Hernia, (2) Interparietal Ventral Hernia at McBurney's Point, 238, 365; Surgical Relief of Volvulus of the Sigmoid, 337.
- COLEY, WILLIAM B., and I. S. CHAFFEE, Volvulus of Giant Sigmoid Colon, 464; Volvulus of the Sigmoid, 495.
- Colon, Carcinoma of the Transverse, 497; Cases of Resection of, for Cancer and Tuberculosis, 362, 571; Lymphatics of the, 1077.
- Craniotomy for Tumor of the Brain: Decompression Operation, 640.
- CRILE, GEORGE W., Blood Transfusion and Hæmolysis, 348; Laryngectomy for Cancer, 347.
- Crucial Ligaments of the Knee-joint, Rupture of, 993.
- CUSHING, HARVEY, Hypophysectomy for Acromegaly, 1002.
- D**
- DAVIS, JOHN STAIGE, Skin Grafting at the Johns Hopkins Hospital, 542.
- Death, Sudden, 43, 362.
- DEAVER, JOHN B., Diffuse Peritonitis, 1303.

- Deaver's Surgery of the Upper Abdomen, Review of, 952.
- Decompression Operation: Craniotomy for Tumor of the Brain, 640.
- Differential Pressure Apparatus, Immediate Distention of the Lung with the Help of the New Positive, in Empyema, 641.
- Differential, Positive, Chamber for Intrathoracic Surgery, 647.
- Differential Pressure in Treatment of Empyema, Use of, 355.
- Diverticula of the Bladder, Non-resilient, The Surgical Treatment of, 883.
- Diverticulum of Meckel, Ileus due to, 1278.
- DOBSON, J. F., and JAMIESON, J. KAY, Lymphatics of the Colon, 1077.
- DOWD, CHARLES N., Advantage of Simplicity in Operations for Appendicitis, 762; Appendicitis: A Series of 105 Consecutive Operations without Mortality, 800; Suppurative Arthritis of the Knee Treated by the Mayo Method, 482; Thoracoplasty, 645.
- DOWNES, WILLIAM A., Hour-Glass Stomach, 552, 646; Volvulus of the Small Intestine in a Child, 498.
- DUNHAM, THEODORE, Harelip; Further Improved Retention Apparatus, 479, 489.
- Duodenum, Opening of, to Reach Stone in Retroduodenal portion of Common Biliary Duct, 1273.
- DUVAL, C. W., and FRANCIS J. SHEPHERD, The Histopathology of Goitre, 84, 344.

## E

- EBERTS, EDMOND M., VON, The Surgical Treatment of Non-Resilient Diverticula of the Bladder, 883.
- Ectopia Testis, Double Inguino-perineal Herniæ, with Double, 638.
- EISENDRATH, DANIEL N., Ileus due to Meckel's Diverticulum, 1278.
- ELIOT, ELLSWORTH, JR., Injury of the Kidney, 812.
- ELSBERG, CHARLES A., Hour-Glass Stomach, 646.
- Empyema Thoracis, 158, 353, 354; Differential Pressure in Treatment of, 355; Fistulæ and Abscesses following Operations for, Treatment of, 151, 353; Immediate Distention of the Lung with the Help of the New Positive Differential Pressure Apparatus, 641.
- Endothelioma of the Carotid Body, 808.
- Enterostomy, Double Gun-Barrel, 362.
- ERDMAN, JOHN F., Ureteral Calculus in a Child: Transperitoneal and Retroperitoneal Removal, 797.
- Exophthalmic Goitre, Results of Operation in 580 Patients by Charles H. Mayo, 1023.

## F

- Facial Bones, Complete Detachment of the, 73, 766.
- Femora, Girard College Measurements of, 364; Inequalities of the Right and Left, 313, 364.
- Femur, Operative Treatment of Fracture of the Neck of the, 806.
- FERGUSON, ALEXANDER H., Visceral Pleurectomy, 351.
- Fibroid Tumors of the Uterus demanding Operation, 287, 359.
- Fibrolymphosarcomata of Both Ureters, 901.
- FINNEY, J. M. T., The Transportation of Skin-Flaps, 324, 361.
- Fistulæ and Abscesses Following Operations for Empyema of the Thorax, Treatment of, 151, 353; Vesico-intestinal, 251, 366.
- Fracture of the Neck of the Femur, Operative Treatment of the, 806.
- Fractures, Multiple, Involving the Face Bones, the Left Elbow and Both Femurs, 648; Operative Treatment of, 363; Ununited, Clamp for the Fixation of, 1114.
- FREEMAN, LEONARD, Resection of Ribs, with External Pressure in Apical Tuberculosis, 145, 352.

- FRIEDRICH, P. L., The Operative Treatment of Tuberculosis of the Lungs, 135, 352.

## G

- Gall-bladder, A Disease of, requiring Cholecystectomy, 1265.  
 Gastro-enterostomy, Secondary, 802.  
 Gastrogastrostomy: Hour-glass Stomach, 646.  
 Gastrojejunostomy followed by Jejunal and Gastrojejunal Ulcer, 367.  
 GERRISH, FREDERICK, The Girard College Measurements of Femora, 364; Postoperative Tetanus, 343.  
 GERSTER, ARPAD G., Postoperative Tetanus, 342; Surgical Treatment of Pulmonary Tuberculosis, 353.  
 GIBBON, JOHN H., Cases of Resection of the Colon for Cancer and Tuberculosis, 362; Resection of the Colon for Cancer and Tuberculosis, 571; Tetany after Thyroidectomy, 345.  
 GIBSON, CHARLES L., Exophthalmic Goitre, Novocain Anæsthesia, 495; Carcinoma of the Transverse Colon, 497; carcinoma of the Urinary Bladder, 498; Hour-glass Stomach, 647; Tuberculosis of the Pericardium Cured by Incision and Drainage, 350.  
 Goitre, Exophthalmic, Operation in Three Stages, 491; Exophthalmic, Novocain Anæsthesia, 495; The Histopathology of, 84, 344; The Relation of Thyroidism to, 1025; Ligation of the Thyroid Vessels in Certain Cases of, 1018.  
 Gonorrhœal Arthritis, The Treatment of, with Vaccines made from the Gonococcus, 939.  
 Grafting, Bone, 959.  
 GROVES, ERNEST W. HEY, Appendicostomy in Conditions of Acute Peritonitis, 1334.  
 Gunshot Injury of the Brain, 66.  
 GUTHRIE, DONALD, and WILSON, LOUIS B., Congenital Unilateral Absence of the Urogenital System, 907.

## H

- Hæmolysis, Note on, 348.  
 HALSTED, WILLIAM S., Blood Transfusion, Technic of, 349; Constriction of Abdominal Aorta by Metal Band, 355; Histopathology of Goitre, 344; The Parathyroid Question, 346.  
 Harelip: Further Improved Retention Apparatus, 479, 489.  
 HARTE, RICHARD H., Suturing Wound of the Heart, 354.  
 HARTMANN, HENRI, Some Considerations upon High Amputation of the Rectum, 1091.  
 HARTWELL, H. F., The Treatment of Gonorrhœal Arthritis with Vaccines from the Gonococcus, 939.  
 HARTWELL, JOHN A., Popliteal Aneurism: Reconstructive Operation, 800; Secondary Gastro-enterostomy, 802; Primary Tuberculosis of the Breast, 804.  
 Heart, Suture of the, Recovery, 354; Wounds, The Operative Treatment of, 100, 353.  
 Head Injury, An Analytical and Statistical Review of One Thousand Cases of, 511, 655.  
 HENDERSON, M. S., Cyst of the Round Ligament of the Liver, 550.  
 Hernia, Double Inguinoperineal, with Double Ectopia Testis, 638; Inguinal, in the Female, 609; Strangulated, Intestinal Resection for, 811; (1) Strangulated Retroperitoneal, (2) Interparietal Ventral, at McBurney's Point, 238, 365.  
 Hernias, Large, Sliding, of the Sigmoid, 470, 487.  
 HITZROT, JAMES MORLEY, Intravenous Local Anæsthesia, 782.  
 HOTCHKISS, LUCIUS W., Large Sliding Hernias of the Sigmoid, 470; Septic Osteomyelitis of the Clavicle, 488.  
 HUME, JOSEPH, and F. W. PARHAM, Vesico-intestinal Fistulæ, 251, 366.  
 HUNTINGTON, THOMAS W., Prevention of Intestinal Stasis, 336.

HUTCHINGS, WILLARD, Treatment of Tetanus by Chloretone, 52, 359; Postoperative tetanus, 342. Hydronephrosis, Ureteroplasty for Intermittent, 639. Hyperthyroidism, Ligation of the Thyroid Vessels in Certain Cases of, 1018. Hypophysectomy for Acromegaly, 1002.

## I

Inequalities of the Right and Left Femora, 313, 364. Ingrown Toe-nail, A New Operation for, 936. Inguinal Hernia in the Female, 609. Inguinoperineal Herniæ, Double, with Double Ectopia Testis, 638. Ileus due to Meckel's Diverticulum, 1278. Interilio-abdominal Amputation, 925. Intestinal Anastomosis by Invagination, 654. Intestinal Conditions, The X-ray in the Diagnosis of, 336. Intestine, Large, Remarks on the Surgery of, 337; Large, Pathology of Carcinoma of the, 362; Large, Surgery of the, 200, 361. Intestinal Obstruction due to Distortion of the Mesentery, 229, 338. Intestinal Stasis, Chronic, 190, 336; Prevention of, 336. Intravenous Local Anæsthesia, 782. Intrathoracic Surgery, Positive Differential Chamber for, 647. Intussusception in an Adult, Ileocolic, 875. Irrigating Sound of the Standard and Beniqué Type, An, 770.

## J

JACOBSON, NATHAN, Treatment of Tetanus, 360. JAMIESON, J. KAY, and DOBSON, J. F., Lymphatics of the Colon, 1077. Jejunal and Gastrojejunal Ulcer following Gastrojejunostomy, 367.
